and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

We use the phone only for emergencies. It is unfair to charge additional fees to those who use the phone for only 1 to 3 minutes per month. Do not we pay enough already on our landlines and for the public phones?

Please do not put another fragile part of the economy in jeopardy.

Sincerely yours,

Kathleen and Zoltan Trizna
